ABOUT PAWZUP

.....

PawZup 4 Success programs designed by Better Endings New Beginnings help dogs and their families learn to understand each other.

VISION — to have your family and your dog share smiles and laughter while learning obedience, self-control and leadership skills. PawZup helps you change your thinking from . . .

“I don’t like ___#!@%\$___”

to “I need to work on
(name behavior)
and this is
how we
can do it.”

ABOUT EXPANDING MINDZ WITH CANINES

Teens and young adults with neurodiversity may face challenges in Executive Function Skills (EFS). EFS includes paying attention, initiating tasks, staying on task, regulating emotions, organizing, planning, and keeping track of doing. PawZup uses your dog to help the person you love learn and improve these skills.

MEET JODEE KULP

GROW TOGETHER

HOW PAWZUP WORKS

1

Phone call with caregiver and Jodee to discuss needs and wants.

- What is important to the person?
- What is important for the dog?
- What are issues and goals?
- What are your needs?

2

Parent/caregiver completes two quick assessments to provide us with baseline information.

- Progress not Perfection (canine)
- Oregon Behavioral Consultant Cognitive Skills List (participant)

3

Observe and visit a current session to meet Jodee and see other teams.

"Jodee is an outstanding teacher and professional. Highly recommend her!"

MAKE FRIENDS

THE PROGRAM

INSPIRE to greater effort

We discover dreams, personal strengths and value the whole person. We use our strengths to rise up to challenges.

EQUIP to make ready

We discover ways to use our strengths in many situations. We learn about our canine partners.

EMPOWER to make able

We share in learning. Together we build ideas to navigate skill building. We learn to communicate.

INSTILL step by step

We try. We do over. We discover joy in doing. We practice. We try again. We learn to face and understand challenges.

CONNECT together

We share with others and help them grow.
